Event Registration - Browser App Settings Mobile Devices – iPad & iPhone

Registering for an event requires that you allow for 3rd party cookies in your browser settings. The following instructions will show you how to make the settings to allow for 3rd party cookies on your mobile device (in particular, iPad and iPhone).

Using the Safari App

- 1. Open up settings on the iPad/iPhone.
- 2. Scroll down until you find the Safari app.
- 3. Select the app then scroll until you find "**Prevent Cross-Site Tracking**" under the Privacy & Security section in the right-hand panel.
- 4. Make sure this is turned "Off".
