Long Term Care: What is it?

• Care necessary if you can no longer perform ADL’s by yourself due to a chronic illness, injury, disability or the aging process.
  – Bathing, Dressing, Grooming, Transferring, Toileting, Eating

• This type of care is not intended to cure you.

• You can receive long term care services at home, a nursing home, or another long term care facility, such as adult care home, assisted living facility, or memory care.

ALTCS – Financial Eligibility

• Income Limit
• Resource Limit
ALTCS – Income Eligibility

• **Income Limits**
  – $2,313.00 for the applicant, or less than $4,626.00 combined for both spouses in 2019

• **Income Only Trust (aka Miller Trust)**
  – Allows persons to meet income criteria if income is below average cost of skilled nursing care ($7,134.44 in Maricopa Co. for 2019) but exceeds limit above.

*Income is rarely a barrier to qualifying for ALTCS.*
ALTCS – 2019 Resource Eligibility

- Applicant must have under $2,000 in countable assets, plus Applicant’s Spouse may keep ½ (subject to maximum of $126,420 and minimum of $25,284) of the couple’s countable assets as of the month the applicant spouse first met medical criteria.

- Applicant and spouse may also have exempt assets: primary residence, vehicle, personal property, burial plans.

- Anything above the Resource Limit must be “spent-down”- Note: With proper planning (with an experienced Elder Law attorney) persons who do not already meet resource criteria still can while preserving assets and avoiding both TEFRA liens and AHCCCS estate recovery.
ALTCS -- 5 Year Look-Back & Penalty Period

- **Look Back Rule**: Has the applicant or spouse made any gifts in the last 5 years? If so, ALTCS assumes the applicant was intended to impoverish himself for the purpose of qualifying for ALTCS and will impose the resulting penalty period.

- **Penalty Period**: For every $7,134.44 gifted ALTCS will impose a 1 month penalty period (Maricopa County, 2019), beginning the month the ALTCS application would otherwise have been approved.
VETERANS AID & ATTENDANCE PENSION

• Monthly cash benefit intended to reimburse veterans and their surviving spouses for medical and care expenses
  – $$ can be used for any care expenses
  – Must actually be paying for significant medical/care expenses
